90-DAY IMPLEMENTATION-ROADMAP-TTT

Phase 1: Selecting & Equipping the "Elite 4" (Days 1–30) COMPLETED
Goal: Identify and prepare your internal faculty.

- **Day 1: The Selection Audit.** We help you choose 4 staff members based on the "Strike Team" criteria (The Rising Star, The Bridge, The Multiplier, and The Skeptic).
- **Day 10: The TTT Masterclass Intensive.** Your internal trainers undergo a deep-dive on the TIC curriculum, facilitator strategies, and adult learning principles.
- **Day 20: Resource Handover.** Your team receives the **Facilitator Command Suite**: PowerPoints, role-play scripts, participant workbooks, and the "Ask-Offer-Ask" demonstration videos.
- **Day 30: The Mock Session.** Your internal trainers deliver a 30-minute module to us for feedback and "Fidelity Coaching."

Phase 2: The Co-Facilitation Rollout (Days 31–60)
Goal: Launching to the staff with a "Safety Net."

- **Day 45: The First Internal Workshop.** Your team leads the training for a small pilot group of 10 staff members. We are present (virtually or on-site) to provide "Shadow Coaching."
- **Day 50: Post-Pilot Calibration.** We review staff feedback and refine the delivery. We specifically troubleshoot any "pushback" your trainers received from their peers.
- **Day 60: Intelligence Hub Integration.** Your trainers begin uploading their own "Mini-Lessons" and localized safety guidelines into the agency's internal resource center.

Phase 3: The Independent Center of Excellence (Days 61–90)
Goal: Full autonomy and the 90% Fidelity Guarantee.

- **Day 75: Agency-Wide Rollout.** Your internal team is now leading full workshops independently. They are officially the "Clinical Authorities" for the agency.
- **Day 85: Fidelity Audit.** We run a "Knowledge Check" on the staff they trained to ensure the 90% quality benchmark is being met by your internal team.
- **Day 90: The Graduation & Handover.** You are now a **Sovereign Clinical Agency.** You have a permanent, internal training department that can onboard every future hire for $0 in outside trainer fees.
